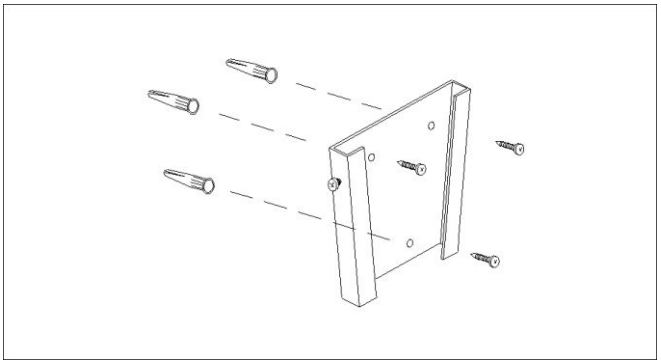
- M4×10 Screw – 4 pcs
- M4×20 Screw – 4 pcs
- Allen Key No. 3 – 1 pcs
- Installation Manual – 1 pcs

Drawing 1

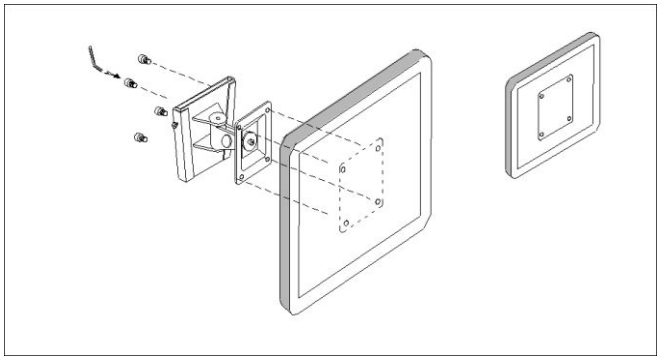


Attaching back plate to wall

Mount back plate in desired position using screw/bolts (not supplied) suitable to construction of wall. (If you have any doubt please consult a qualified builder). Mount screws/bolts through all 3 holes.

Now please go on to drawing number 2a or 2b.

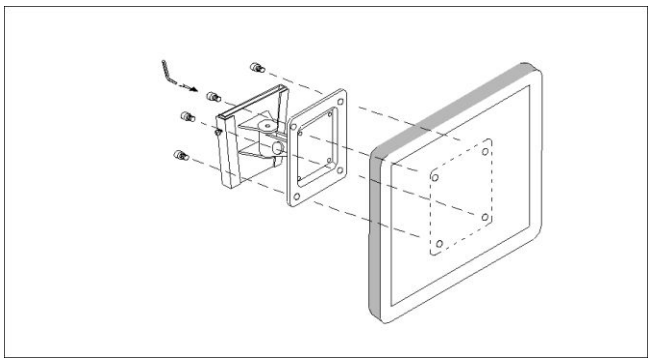
Drawing 2a



Attaching the mount to the back of the LCD/TFT screen

If you want to mount a screen that is VESA 75x75 mm compliant use larger of supplied screws (M4x20). Tighten the screws with the supplied Allen key.

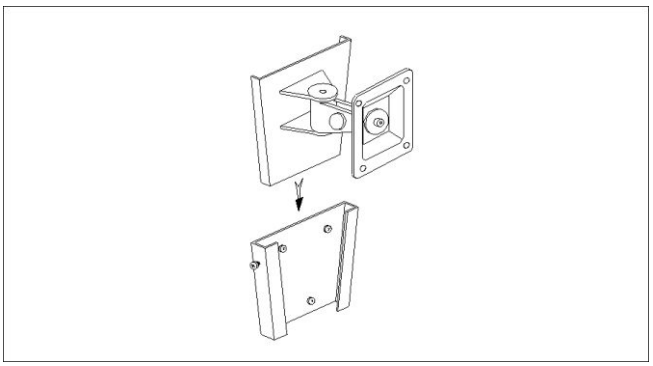
Drawing 2b (Part 1/2)



Assembling VESA 100x100 mm adapter plate

If you want to mount a screen that is VESA 100x100 mm compliant, you have to assemble the VESA 100x100 mm adapter plate to VESA 75x75mm front plate using smaller of supplied screws (M4x10). Tighten the screws with the supplied Allen key.

Drawing 2b (Part 2/2)



Attaching the swing arm to the back of the LCD/TFT screen

Using larger of supplied screws (M4x20) attach swing arm to the back of the screen. Tighten the screws with the supplied Allen key.
