What we can do for your Organization?

Whether you are a corporation, institution, government or small business (or a systems integrator that serves the display industry), EDBAK is here to help you.

Almost every company can find a use for the newest displays and applications from customer friendly videowalls to wayfinding kiosks to an information board in a lobby. EDBAK offers solutions with European style and strength to mount, stand, move, and hold up displays of all sizes and shapes.

Made in the EU

We design and make all of our products here in Europe, ensuring that both quality and design reflect our common heritage and culture. Our EDBAK Research and Development office can provide more appropriate and more timely response to your needs for customization as well as for products. And the shipping is easier, faster and cheaper when you know it is coming from central Europe.
