PMV200

Universal Projector Ceiling Mount
4 fixing points

The reliable and robustly crafted PMV200 projector mount is the basis for any properly made audiovisual installation. The handle is characterized by a load capacity adapted to the weight of the device and protection against accidental falling out. It ensures that the projector is positioned in relation to the projection screen, so that the displayed image is of the best quality. The handle is characterized by precise and convenient adjustment of the distance to the ceiling and the possibility of hiding the wiring through the integrated cable management system. An indisputable advantage of the handle is modern design and aesthetics of workmanship, thanks to which it works great in the most prestigious interiors.

FEATURES:

- ModernDesign with a high-end finish
- Aluminum construction with a semi-textured powder coat or anodized finish
- Ceiling plate covers to hide fixings included
- Micro-Adjustment mechanism ensures precise installation
- Universal for all key projectors with multiple fixing points
- Distance from ceiling to projector from 650 mm to 1000 mm
- Internal cable management in tube
- 50° horizontal adjustment
