

TRA65
Rotation adapter
for TRE100 / STDV100

This rotating display adapter is designed to enable fast and effortless screen orientation changes from landscape to portrait without the use of any tools. It provides smooth 90° rotation, allowing users to instantly adapt the display position to different working scenarios. The rotation mechanism ensures quick adjustment, improved ergonomics, and maximum flexibility in dynamic environments. Additionally, the adapter can be mounted directly to a wall, offering a versatile installation option for a wide range of applications.

- FEATURES:
- Ideal for mounting interactive touchscreen monitors
 - Dedicated for educational and corporate environments
 - quick and easy monitor installation
