

PMV100W

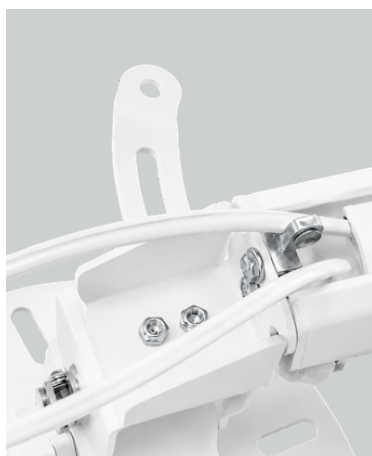

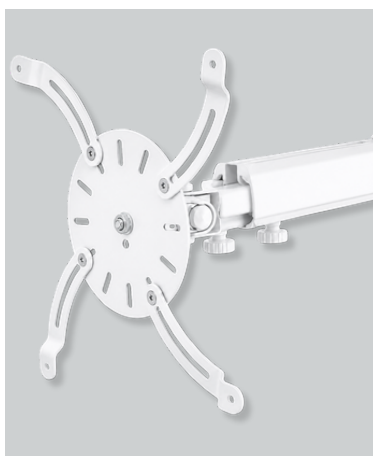

Universal Projector Ceiling
Mount 4 fixing points

The reliable and robustly crafted PMV100 projector mount is the basis for any properly made audiovisual installation. The handle is characterized by a load capacity adapted to the weight of the device and protection against accidental falling out. It ensures that the projector is positioned in relation to the projection screen, so that the displayed image is of the best quality. The handle is characterized by precise and convenient adjustment of the distance to the ceiling and the possibility of hiding the wiring through the integrated cable management system. An indisputable advantage of the handle is modern design and aesthetics of workmanship, thanks to which it works great in the most prestigious interiors.
